

Windmill Synergy Biological Toilet Cleaner – Refillable 1L Printed Bottle with White Flip Cap

Variant code: 14-750ST

The **Windmill Synergy Toilet & Urinal Cleaner Refillable Bottle** is a dedicated refillable container designed for use with the **Windmill Synergy Toilet & Urinal cleaning range**. Featuring a professionally printed label and a practical **white flip-top cap**, the bottle provides a convenient solution for storing and dispensing compatible toilet and urinal cleaning solutions.

The bottle features distinctive **Windmill Synergy branding**, with clear **Toilet & Urinal** product identification to help cleaning operatives recognise the intended application. Its **white bottle design** and integrated printed graphics provide a consistent appearance for professional washroom cleaning operations, while the flip-top cap allows convenient dispensing during routine cleaning tasks.

Designed for **repeated refilling and reuse**, the bottle supports a practical approach to professional cleaning by reducing reliance on disposable containers. The dedicated **refill bottle format** makes it suitable for use alongside compatible Windmill Synergy cleaning products in commercial, institutional and workplace washrooms.
