Windmill Thick Bleach - 5L

Variant code: 05-304

Windmill Thick Bleach is a disinfectant cleaner designed to deliver **powerful cleaning and hygiene performance** across a range of applications. As part of the Windmill professional cleaning range, it provides an effective solution for removing dirt and controlling harmful microorganisms in demanding environments.

The **thickened formulation** ensures better surface contact, allowing the product to cling to vertical surfaces such as toilet bowls and drains for improved cleaning performance. It is effective against **pathogenic organisms**, supporting high standards of hygiene in washrooms and other areas where disinfection is required. The addition of detergents enhances cleaning action, helping to remove dirt, stains and organic matter.

Windmill Thick Bleach also leaves a **pleasant potpourri fragrance**, helping to keep treated areas fresh and odour-free after cleaning. It is suitable for use in toilets, drains and other appropriate hard surfaces, providing both cleaning and deodorising benefits in one application.

Product Features

- Thickened **bleach disinfectant cleaner**
- Effective against **pathogenic organisms**
- Contains added detergents for improved cleaning
- Clings to surfaces for enhanced contact time
- Suitable for toilets, drains and hard surfaces
- Leaves a **fresh potpourri fragrance**

Product Benefits

- Delivers strong cleaning and disinfecting performance
- Improves hygiene in high-risk areas
- Enhances cleaning efficiency on vertical surfaces
- Removes dirt, stains and organic matter effectively
- Leaves areas fresh and odour-free
- Suitable for routine and deep cleaning tasks

Technical Characteristics

- Thick bleach formulation for controlled application
- Suitable for **washroom and drainage applications**
- Effective disinfectant action against microorganisms
- Not suitable for metals such as stainless steel or chrome
- Do not mix with other cleaning products, especially acids
- Use in accordance with manufacturer safety guidelines

Applications

Windmill Thick Bleach is suitable for use in **washrooms, commercial facilities, public buildings and industrial environments**. It is particularly effective for cleaning and disinfecting **toilets, drains and waste areas**, where strong hygiene control is required. Due to its formulation, care should be taken when using on sensitive materials such as **fabrics, carpets and certain floor coverings**, ensuring safe and appropriate application.

Property	Value
Fragrance	Characteristic
pH	12.8
Dilution	Use product undiluted for drains, toilets etc. For general disinfection use the product diluted 1 part to 80 parts water.
Area of Use	For the general disinfecting of drains and toilets etc
Dosing Chart: 10L Dilution	Dosing:4
Dosing Chart: 5L Dilution	Dosing:2
CLP	corrosive, environment
How to Use	Use neat for drains and toilets. Add appropriate dosing to bucket for wet mopping
Chemical Colour	Light Yellow
