Windmill Victory Foaming Washroom Cleaner - 5L

Variant code: 05-285

Windmill Victory Foaming Washroom Cleaner is a specialist cleaning solution designed to deliver **effective removal of dirt, soap scum and limescale residues** in washroom environments. Developed by Windmill, a trusted brand in professional cleaning, this formulation is engineered to provide reliable performance across a wide range of washroom surfaces while maintaining ease of application.

The foaming formulation allows the product to **cling to vertical surfaces**, increasing contact time and improving cleaning efficiency. This makes it particularly effective on surfaces such as tiles, washroom fittings and fixtures where traditional liquid cleaners may run off too quickly. The foam action ensures better coverage, helping to break down deposits and restore cleanliness with less effort.

Suitable for use across a variety of washroom surfaces, including sinks, tiles, walls and fittings, the cleaner supports both routine maintenance and more intensive cleaning tasks. Its formulation is designed to cut through common washroom contaminants while leaving surfaces clean and presentable after use.

Supplied in a **5L format**, Windmill Victory Foaming Washroom Cleaner is ideal for high-usage environments where consistent cleaning performance and cost efficiency are required.

Product Features

- Foaming washroom cleaner for improved surface coverage
- Clings to vertical surfaces for extended contact time
- Removes **soap scum, dirt and light limescale deposits**
- Suitable for **tiles, sinks and washroom fittings**
- Designed for routine and periodic cleaning tasks
- Supplied in bulk format for professional use

Product Benefits

Tel: 01626 355177
Email: info@aukhygiene.com

- Improves cleaning efficiency with **foam cling action**
- Reduces product waste by minimising run-off
- Helps maintain clean and hygienic washroom environments
- Suitable for a wide range of washroom surfaces
- Supports consistent cleaning performance
- Ideal for high-traffic washroom areas

Technical Characteristics

- Suitable for use on **washroom surfaces and fixtures**
- Designed for manual application
- Foaming formulation for improved dwell time
- Compatible with cloths, sponges or applicators
- Supplied in bulk container for professional environments
- Use in accordance with manufacturer guidelines

Applications

Windmill Victory Foaming Washroom Cleaner is suitable for use in **commercial, industrial and institutional washrooms**, including offices, schools, healthcare facilities and public buildings. It is particularly effective on **vertical and high-contact surfaces** where foam application improves cleaning performance. Its ability to tackle soap residues and general washroom contamination makes it ideal for maintaining cleanliness and presentation in high-traffic washroom environments.

Property	Value
Fragrance	Sharp
Dilution	Use undiluted, preferably in a trigger spray fitted with a foam head
pH	3.1
Area of Use	Washrooms and Showers
Dosing Chart: Trigger Dilution	neat
